PROJECT PROPOSAL · 28.10.2026 · DRAFT

Here would be a short description of the opportunity, who it affects, and what the proposed project would change.

In this box you'd find additional information about key assumptions, dependencies, or related work.

Project plan

1. **Prepare:** Here would be a description of the initial research or planning, with an owner and timeframe.
2. **Deliver:** Here would be a description of the main project work and its key milestone.
3. **Evaluate:** Here would be a description of how and when the team would review the results.

Tables

Summarize the schedule and responsibilities in a table. Replace the placeholders with the project's actual phases, owners, dates, and deliverables.

PHASE	OWNER	TIMING	MILESTONE / DELIVERABLE
Prepare	Name / team	Start–date	Here would be the preparation milestone
Deliver	Name / team	Date range	Here would be the main project output
Evaluate	Name / team	End–date	Here would be the review or evaluation

KPIs

Use the KPI boxes for numeric targets. Replace the placeholder values and descriptions with the measures that fit this project.

25%

Here would be the target percentage for a project KPI and how it would be measured.

4 weeks

Here would be the target duration for a project KPI and how it would be measured.

Decision: Here would be the specific approval or resources requested, and the date a decision is needed.
